Materials You'll Need

- Washi tape in various colors and patterns
- Cardstock or thick paper for the gift tags
- Scissors
- Pencil or pen
- Ruler or measuring tape (optional)

Step-by-Step Guide

1. Prepare the Gift Tag Base

Start by cutting out rectangular or square shapes from the cardstock or thick paper. The size of the gift tags can be customized to your preference. Use a pencil or pen to mark the center of the tags for easier alignment later.

2. Apply the Washi Tape

Unroll a piece of washi tape and position it on the gift tag. Press down gently and smooth out any creases. Continue adding strips of washi tape, overlapping them slightly to create a layered effect. Experiment with different colors and patterns to create unique designs.

3. Add Decorative Elements

Once the base layer of washi tape is complete, you can enhance the design with additional elements. Use smaller strips of washi tape to form

borders, frames, or geometric shapes. You can also add embellishments like stickers, glitter, or twine to personalize the tags.

4. Personalize with Handwriting

Add a personal touch to your gift tags by writing a heartfelt message or the recipient's name using a pen or marker. You can also use a calligraphy pen to create elegant and intricate lettering.

5. Punch a Hole and Attach a Ribbon or String

Use a hole punch to create a small hole at the top of the gift tag. Thread a ribbon or string through the hole and tie it to secure the tag to the gift.

Creating DIY gift tags with washi tape offers endless possibilities for creativity. Here are some inspiring ideas to get you started:
