

Unbelievable Pictures And Facts About North Dakota

North Dakota is a state in the Midwestern region of the United States. It is the 19th largest state by area and the 49th most populous. The capital is Bismarck, and the largest city is Fargo. North Dakota is bordered by Montana to the west, South Dakota to the south, Minnesota to the east, and Canada to the north. The state is known for its vast prairies, its agricultural production, and its Native American heritage.

History

North Dakota was first inhabited by Native American tribes. The first Europeans to explore the area were French fur traders in the 17th century. In 1803, the United States acquired the area as part of the Louisiana Purchase. North Dakota became a territory in 1861 and a state in 1889.
